

Disciple Journal/Planner

2023

Description of the icons in the Disciple Journal/Planner

-  **HOME** - the house icon in the upper-left corner brings you to the “cover” of the planner. This is helpful for quickly turning from any confidential page you might be open to.
-  **TEMPLATE** - the template icon jumps to the section of the planner where template pages are located. These pages can be copied and inserted into other parts of the planner.
-  **STICKER** - the sticker icon jumps to the stickers section of the planner. These pages can be copied and inserted into other parts of the planner.
-  **CALENDAR** - the calendar icon in the upper-right corner jumps to the year-at-a-glance page of the planner. This is where you can jump to any particular week view of the planner.

Description of the tabs in the Disciple Journal/Planner

- Months** - the month tabs jump to the monthly calendar for that month. From here you can go directly to any week view for that month.
- Reading Tracker** - A “*per chapter*” tracker. Color in the respective book/chapter box as they are read.
- Favorite Verses** - Create a personal index of verses to help in various circumstances. There is a page with blank headers for adding your own topics.
- Prayer** - Track personal prayers and prayer requests from others.
- Give Thanks** - It’s important to acknowledge God’s goodness in our lives. The best way to do that is to express heart-felt gratitude for what He does for us.
- Sermon Notes** - Use this section, in place of, or in addition to, teaching outlines that are distributed.
- Study Worksheet** - A more detailed and challenging approach to Bible Study with a focus on application... responding to what Scripture says.
- Notes** - This is a place to capture thoughts, notes, reminders, etc. that don’t fit in the other sections.

Helpful Notes

- The whitespace (blank areas) on pages are intended for stickers and personal notes
- Duplicate blank pages before using them so that you’ll a blank one ready when you need one.
- The cover page can be heavily customized by overlaying your own images and text over the defaults.
