iPad Pro is immensely powerful and capable. The 10.5-inch design offers even more room for your content and apps, and it still weighs just one pound. The redesigned Retina display is the most advanced in the world. The new A10X Fusion chip is more powerful than most laptops, yet it still delivers up to 10 hours of battery life. Apple Pencil and Smart Keyboard help you accomplish even more with iPad Pro. And with advanced cameras, ultrafast wireless connectivity, Touch ID, Apple Pay, iOS 10, and more than 1.3 million apps on the App Store, iPad Pro is designed for the fast-paced and mobile world we live in today.

- 10.5-inch Retina display with 2224-by-1668 resolution and 3.7 million pixels
