

## **HighPoint to Showcase USB 3.1 Type-A/B/C 10Gb/s Product Portfolio at NAB 2015**

March 2015, Milpitas, CA – HighPoint Technologies, an industry leading manufacturer of RAID Storage and I/O Connectivity Solutions for SAS, SATA Thunderbolt™ and USB interfaces, will be showcasing our complete range of high-performance, ultra-high capacity solutions designed for media-rich storage applications.

### **10Gb/s USB 3.1 Type-A, Type-B and Type-C Product Portfolio**

Come and experience the potential of USB 3.1 Storage Performance! We will be showcasing a complete series of USB 3.1 Type-A upgrade solutions for PCIe capable Mac and PC platforms, and SuperSpeed+ 10Gb/s Drive Docks for USB-C and USB-B port connectivity.

### **1-Cable Connectivity Solution for All I/O Devices – USB and Thunderbolt™**

HighPoint understands that the compact form factors of today's ultra-thin MacBooks and Laptop PC's severely limit external device connectivity. We will be showcasing our 1-Cable Connectivity Solution for all I/O devices, with options available for both high-performance applications, and those seeking an affordable price point.

### **Professional Storage Solutions for Thunderbolt™, Mini-SAS and USB Connectivity**

We will be presenting our extensive range of professional grade storage and connectivity solutions for Thunderbolt™, Mini-SAS and USB connectivity. Our robust RAID Tower, RAID Rackmount chassis, Drive Dock enclosures, and Adapter solutions are available for configurations up to 24 SAS or SATA disks, and are powered by our industry proven RAID & storage technology and performance-focused architecture.
