

As a result of your feedback, there are changes in the latest update, build 22A5365d, that have resolved this issue.

You can see the software build your device is running and check for the latest update by clicking on the Apple logo in the upper left hand corner > About This Mac. If the build is not visible, click on the macOS version, e.g. 10.15.x, to reveal it.

If this issue is not resolved for you in the 22A5365d build, please file a new feedback report.
