# Shipping Detail

Delivery Time:

US orders: 1-5 business days for in-stock items depending on the shipping method chosen.

International orders: 1-21 business days for in-stock items depending on the shipping method chosen.

Items that referenced a specific Expected Date when placed in your shopping cart will ship the moment the item becomes available. The Expected Date is the date that an out of stock item is expected to ship to you.

Notes:

Some countries impose duties and/or taxes on imported goods - these fees are the purchaser's responsibility.

Some countries Customs services occasionally experience backlogs leading to increased delivery times. Customs bureaus currently experiencing extended clearance delays include, but are not limited to: Canada, Italy, Pacific Rim, Russia. Please understand that RadTech has no control with regard to Customs delays.

Once again, thanks for your support and best regards.
